**Award Winning Recording Artist,
Performer, Musician & Composer**

Ellen Allard is an Early Childhood Music Specialist. But that's not all she does! She has been privileged since 1976 to perform children's concerts and present teacher workshops/keynotes, seamlessly moving between both the secular and the Jewish worlds.

Ellen is a Certified Holistic Health Coach, combining her love of music, personal anecdotes, and her

passion for good health. Though her main work is in the field of music, Ellen integrates much of what she learned about body-mind-spirit into all aspects of her work.

She has been trained in Kidding Around Yoga and its Jewish counterpart, Yoga Yeladim, a nationally recognized kids yoga program.
