Gideon Amir was born to Holocaust survivors and grew up in Jerusalem. After receiving his Bachelor's degree in Mathematics and his Master's degree in Computer Science, he moved from Israel to the United States, where he worked as a computer scientist and manager for various companies. In 2001, he received a Master's Degree in Judaic Studies at Baltimore Hebrew University. In recent years, Gideon has re-directed his passion for teaching from computer science to Bible subjects at various adult education institutes, including area synagogues, churches and other adult education outlets.
