# Transitions and Hospice Volunteers

Enhancing the Quality of Life

Do you want to help people during their most challenging days?

Do you want to make a real difference in the life of a patient or family by volunteering your time and compassion?

JSSA offers an exciting opportunity to use your skills to connect with people facing life-threatening illnesses.

After specialized training, volunteers offer much-needed emotional, spiritual and social support, practical assistance and respite to families.

## Transitions:

A volunteer-based, nonsectarian service providing an enhanced quality of life to patients and their families while they live with life-threatening illness.

## Hospice:

A nonsectarian program that includes volunteers in a caring team providing support to terminally ill patients and their families.
